A Young Girl

May be very old in suffering. She is very apt to neglect the earlier symptoms of disease. Often when she takes treatment it is the wrong treatment for her case. Very many young women write to Dr. Pierce and consult him by letter free. All such correspondence is strictly private, and womanly modesty is spared the shock of indecate examinations, unpleasant questionings and offensive local treatments.

"I suffered with female trouble," writes Miss Agnes McGowan, of 1221 Bank St., Washington, D. C. "I tried various remedies but none seemed to do any permanent good. The doctors said it was the worst case of internal trouble they ever had. I decided to write to Dr. Pierce for help. I received a very encouraging reply and commenced treatment at once. I had not used the 'Favorite Prescription' a week before I began to feel better, and, as I continued, my health gradually improved. It is improving every day and I still continue to take the medicine."

AMUSEMENTS.

When De Wolf Hopper went to London a year ago everybody advised him to avoid making a speech. "This advice he intended to follow; but the demand on the opening night was too imperative to withstand. Once having heard Hopper speak was enough. His speeches were at once accepted as a part of his performance, and the Britons would not leave the theatre till he had his say. No English or American actor was ever so honored before. When Hopper and "The Charlatan" came to the Academy Thursday, May 24, his old admirers will have an opportunity of sampling what London found much to its liking. Seats on sale Tuesday at 9 a. m.

From Washington

How a Little Boy Was Saved.

Washington, D. C.—"When our boy was about 16 months old he broke out with a rash which was thought to be measles. In a few days he had a swelling on the left side of his neck and it was decided to be mumps. He was given medical attendance for about three weeks when the doctor said it was scrofula and ordered a salve. He wanted to lance the sore, but I would not let him and continued giving him medicine for about four months when the bunch broke in two places and became a running sore. Three doctors said it was scrofula and each ordered a blood medicine. A neighbor told me of a case somewhat like our baby's which was cured by Hood's Sarsaparilla. I decided to give it to my boy and in a short while his health improved and his neck healed so nicely that I stopped giving him the medicine. The sore broke out again, however, whereupon I again gave him Hood's Sarsaparilla and its persistent use has accomplished a complete cure. I do not think there will be even a scar left. I cannot speak too highly of Hood's Sarsaparilla and I recommend it everywhere I get a chance." Mrs. Nettie Chase, 47 K St., N. E.

Like Magic.

"A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SEELEY, 1874 West 14th Ave., Denver, Col.

If you have failed to get relief from other remedies try Hood's Sarsaparilla. It cures when all others fail, because it is Peculiar to Itself.
